

WINDSHIELD GARD® CARE GUIDE

First days after install:

There may be a few visible, blurry spots. The moisture between the film and glass is drying. The blurry spots will go away.

The film is bonding with the glass. Do not take the vehicle into a car wash during this time. This could cause the film to pull away from the glass.

Expose the film to as much sunlight as possible to hasten the curing process.

Normal weather driving conditions

Rain, snow and ice will be less likely to adhere to Windshield Gard on the windshield, especially right after ClearX application. This is normal. It is one of the benefits of using Windshield Gard.

Do not use the windshield wipers to remove dirt from the windshield. Debris may be lodged between the wipers and the film and may cause scratches. Instead, use a brush to remove the debris or make sure the wipers are free of any debris. Make sure the windshield is wet when the wipers are used.

Windshield wipers should be in good condition. Install new wipers when Windshield Gard is new. Keep wipers clean and change them if the blade is torn.

Harsh weather driving conditions

Ice and snow should be easily removed with Windshield Gard. When using an ice scraper, use lateral motions across the length of the windshield. Avoid chipping at the ice to prevent damage to the film.

Washing the car

Use normal washing detergents and a common sponge or cloth to wash the windshield. Avoid pressure washing on Windshield Gard.

When selecting a commercial car wash, a brushless car wash is better than a wash system that uses brushes.

ClearX treatment

Apply the ClearX treatment when Windshield Gard is newly installed. Re-apply ClearX every 3 months or 5,000 miles. If vehicle is used for touring or on a track, apply ClearX before each major event.

Removing Windshield Gard

A certified Windshield Gard tech should remove the film to avoid any damage to the windshield.

WINDSHIELD GARD®

LIMITED WARRANTY

TARGE

Various provisions in this limited warranty restrict coverage. Read the entire warranty carefully to determine your rights and duties and our obligations with respect to this warranty.

Limited Warranty Coverage:

Targe Industries, the producer of Windshield Gard ("The Product"), warrants to the original purchaser of the Product, that when the Product is maintained according to the Product Care Requirements on the reverse side of this Warranty, it will be free of discernible manufacturing defects, including but not limited to substantial yellowing, cracking, bubbling or peeling, for a period of 18 months or 18,000 miles, whichever comes first, from the date of purchase of the Product (the "Limited Warranty Period"). This Limited Warranty only applies to the Original Purchaser of the Product and the original application of the Product to the vehicle described in this Limited Warranty and is not transferable or assignable, by operation of law or otherwise. There are no warranties other than this Limited Warranty and all other warranties, express or implied including any implied warranties of fitness for a particular purpose or of merchantability, are specifically disclaimed.

In the event the Product is determined by Targe Industries to be defective, Targe Industries will replace the defective film by delivering replacement film to any Targe Industries' certified installer of the product, as designated by the claimant. This shall be Targe Industries' only obligation under this Limited Warranty. Targe Industries is not responsible for the cost of re-installation of the Product. In no event shall Targe Industries be liable or responsible for any loss or damage, including, without limitation, direct, indirect or consequential damages. This Limited Warranty shall be void if the Product has been subject to abuse, improper installation and/or care. This Limited Warranty gives you specific legal rights and you may also have other rights which vary by country, region, state, department, prefecture, province, county or city.

Exclusions and Limitations:

Exclusions: This Warranty only covers discernible manufacturing defects in the Product as defined above and does not cover damage that is caused by or results from (a) deterioration of the Product due to normal wear (windshield wiper scratching is considered normal wear), accident, collision, negligence, misuse, abuse, neglect, mishandling alteration, maladjustment, modification, customization or vandalism, (b) sandstorms, hail, tornadoes, hurricanes, (c) any use of the vehicle on dirt roads, mining roads, gravel roads (off-road), (d) chemicals and caustic materials, (e) falling objects, (f) fraudulent claims, (g) products not supplied by us, (h) installation by anyone other than a Targe Industries approved Windshield Gard installer, (i) misapplication or faulty installation, or (j) cosmetic damage.

Limitations: No agent, representative, installer, dealer or employee has the authority to alter, extend, limit, modify or increase the obligations or limitations of the Limited Warranty. The installer of the Product is NOT an employee or agent of Targe Industries. The installer is sole responsible for any defects that result from improper installation or from any modifications or repairs made to your vehicle in connection with the installation of the Product.

Warranty Claim Procedures:

To initiate a claim under this Limited Warranty, the original purchaser must provide written notice of the warranty claim, within the Limited Warranty Period, to the installing Windshield Gard dealer. If the dealer is unavailable, the warranty claim may be sent, in writing, to:

Targe Industries
P.O. Box 93
Draper, UT 84020
or contact@targegard.com

The warranty claim must include a copy of the original purchase receipt and a photograph of the defective Product. An inspection of the vehicle or supplemental information may be required as part of the warranty verification process. Targe Industries will review the warranty claim within 45 days of receiving all required documentation and respond to the claimant in writing.
